OR

[my.HunterFan.com](http://my.HunterFan.com)

### 4. Control

Control from any  
smartphone, tablet,  
laptop or desktop  
computer.

## Product Features

### Connectivity Status

Place the gateway near the thermostat to improve connectivity.

### Battery Status

Replace batteries when this icon is blinking.

### Child Lock

Enable/disable by holding down the AWAY and FAN buttons simultaneously.

### Target Temperature

Adjust your desired temperature using the UP and DOWN arrows.

### Filter Status

Replace the HVAC filter when this icon appears.

### Current Temperature

View the actual temperature.

## Functions

### System Button

**OFF** turns off your HVAC system.

**COOL** only turns on the AC.

**HEAT** only turns on the furnace.

**AUTO** heats or cools based on your setpoints.

### Schedule Button

**ON** runs schedules defined on your app and at [my.HunterFan.com](http://my.HunterFan.com).

**OFF** runs your unit manually.

### Fan Button

**AUTO** turns the fan on only when heating or cooling.

**ON** turns the fan on to circulate air without heating or cooling.

### Away Button

conserves energy while you are away from your home. Define away setpoints on your thermostat, app, and at [my.HunterFan.com](http://my.HunterFan.com).

## App Features

Control from any smartphone, tablet, laptop or desktop computer.

Signing up is quick, easy, and secure.
