

CIELO breez™ ECO

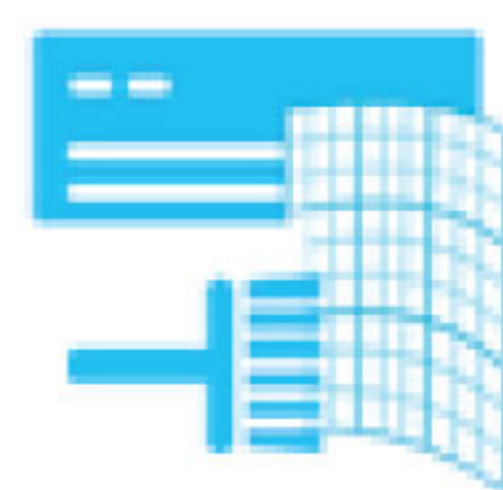

- ✓ Control your air conditioner from anywhere
- ✓ Option of Power on/off through local control
- ✓ Best Priced smart air conditioner controller in the market

Make your old or new air conditioner smart (Mini Split, Portable, Window AC)

Weekly Scheduling

Provides you a powerful scheduling functionality to schedule your ACs / Heat Pumps.

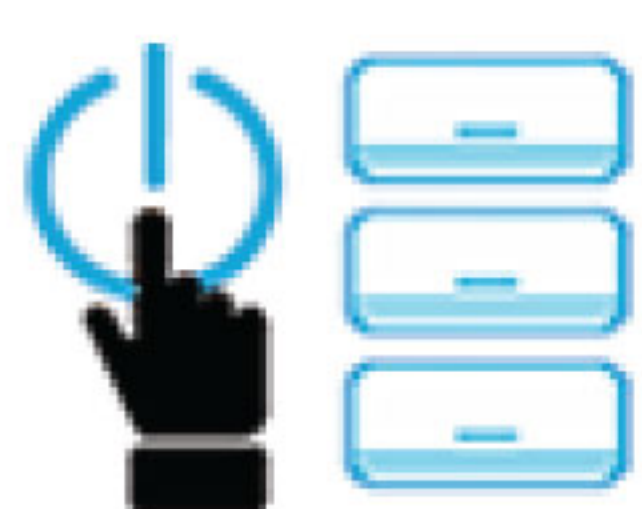

Air Filter Status

Clean air filter keeps you healthy and reduces energy bills. Breez Eco tracks air filter status and reminds you when it needs cleaning.

Location based Control

Location based control triggers air conditioner functions based on your location. Automatically control your AC after you leave or before you enter the premises.

Zone Control

Single touch control for all your Ductless ACs & Heat Pumps by creating zones.

Usage Statistics

Provides you with complete usage audit of connected ACs on "Cielo Home" App. Keeps you aware of usage patterns and helps in achieving your saving goals.

Lower Bills

You can save up to 25% on your energy bills by using various features of Breez Eco Air Conditioner Controller.

Talk Directly to your Mini Splits!

**Cielo Breez Eco works with Amazon Alexa and the Google Assistant.
Managing your ACs and Heat Pumps is possible with simple voice commands.**

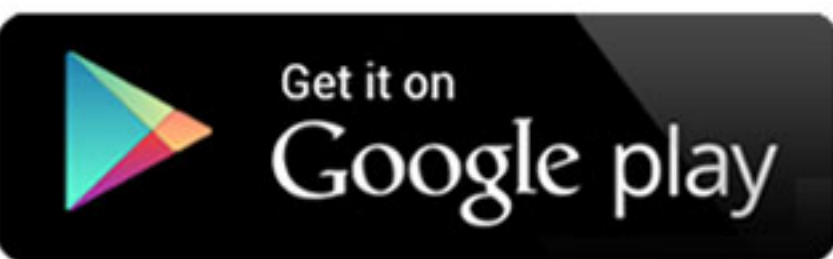

CIELO BREEZ ECO - SMART WI-FI AIR CONDITIONER CONTROLLER

Control your Air Conditioner from Anywhere, Anytime!

Quick, Easy Installation

Cielo Breez Eco is a plug & play smart air conditioner controller. It's simple to install. You can hang it on the wall or place it on a table in AC / Heat Pump's line of sight. Breez Eco directly connects to your home Wi-Fi router and controls your air conditioner through IR signals.

Download "Cielo Home" app and register your device.

Complete Control

Cielo gives you the luxury of taking complete control of your air conditioner. Turn ON/OFF your device, change temperature, mode, fan speed or swing position settings from anywhere with a single touch on your phone from anywhere, any time. It also keeps you informed about actual and set point temperature values & humidity level in the room.
