

BDIR-24-SUPER-PROG

**Wall-mount, 24VAC thermostat,
with 5-1-1 USA-type Weekly Program built-in,
operable via Remote Control only.**

The BDIR-24-Super is a stylish thermostat, ideally suitable for commercial applications, as it is operable via IR remote control only.

It can control a large variety of HVAC systems with either Heat/Cool or Heat Pump configurations and offers a selectable number of heating and cooling stages. Its 5-1-1 program, with 4 periods (Set Cool/Set Heat) per day, is easy to use and can provide 24-hour comfort as well as energy savings.

Overall, the BDIR-24-SUPER-PROG is an attractive, wall mount thermostat with a large, easy to read display.

Features

- Wall-mount, 24VAC thermostat
- DIP switch selectable configurations:
 - * Heat/Cool or Heat Pump system
 - * Electric or Oil/Gas heat system
 - * Heat Pump in Cool or Heat
